

Consortium for Children is pleased to announce the publication of the **SAFE Desk Guide**. This vital component of the SAFE Home Study has been edited, improved and modified to reflect the latest research on stable and safe families and feedback from the field.

The **SAFE Desk Guide** has been re-formatted for ease of use for the home study technician and provides useful discussions of the nine core SAFE Psychosocial Factors.

The **SAFE Desk Guide** is available only to those individuals who have completed the entire two-day SAFE training in an approved jurisdiction.

For each SAFE Desk Guide order, please include a copy of your training certificate. If you order two books, we will need two training certificates included in the order to verify that the workers who are ordering the books are certified users.

To order, please fill out the form below and mail with a check made payable to Consortium for Children.

We are sorry, but at this time Consortium for Children does not accept credit card payments.
